"The Station that Rocks the Pine Belt"

Rock104 has been rockin' the Pine Belt for more than 26 years now with 100,000 Watts of Classic Rock. From the Beatles to the Foo Fighters, if it rocks, we play it! We are also deeply involved in community events throughout Laurel/Hattiesburg including the Mississippi Walk for Diabetes (Hattiesburg), Laurel's annual Loblolly Festival, the Lauren Rogers Museum of Art's Annual Blues Bash, providing the soundtrack for annual Fourth of July Fireworks Extravaganza, local parades, and much more!

“Rock104 embodies what it means to be LOCAL. With the exception of one two-hour syndicated show per week, 100% of our programming decisions are made in-house. All of Rock104’s air personalities live in this local community and do their shows live or voice-track in our building. We have phones that actually get answered and requests that actually get played. Rock104 features 13 hours per week totally-programmed by listener requests. We also air many Public Service Announcements throughout the day for worthy causes and organizations in our area.”
